MANITOBA PUBLIC LIBRARY STATISTICS

1982

MANITOBA DEPARTMENT OF CULTURE, HERITAGE AND RECREATION

I am pleased to introduce this seventh annual publication of statistics documenting the activities of Manitoba's public libraries during their 1982 fiscal year.

I believe that this series of publications continues to serve as a valuable tool in evaluating the growth of public libraries in the Province, and in delineating the cultural history of Manitoba.

EXPLANATION NOTES

The 1982 statistics have been compared with the 1981 statistics whenever possible. The 1981 statistics are presented in brackets. Within each major category the statistics are divided into two broad geographical areas: 1. those libraries located outside Unity Winnipeg classified as RURAL; 2. the library system within Unity Winnipeg classified as WINNIPEG. Within the first geographical area the libraries are arranged alphabetically. The *Expenditure* figures were taken from the annual audited statements. The *Circulation* figures and the *Resources* figures were taken from library annual reports. A dash, —, indicates that no information was submitted for a category.

General Statistics

The population of the province and of the municipalities and the number of organized municipalities were taken from the *Manitoba Census Population 1971, 1976, 1981 Final Counts*, published by the Manitoba Bureau of Statistics and listing the official 1981 census figures.

Income and Expenditure

INCOME:

Provincial Grant: Total operating and establishment grants paid in respect of the library's 1982 fiscal year under Manitoba Regulation 189/80. The fact that the library's fiscal year corresponds to the calendar year while the provincial fiscal year is April 1 to March 31 may contribute to inconsistencies between the library's audited statement and provincial records. Where this occurs, a footnote is provided.

Grants were calculated using 1981 census figures, 1982 equalized assessments, and 1982 proposed municipal levies. The use of proposed levies in the grant calculation may necessitate adjustment in the subsequent year's grant where the audited statement reflects a levy other than that proposed. Such adjustments are indicated in a footnote.

Grant Per Capita: Total provincial grant divided by the total population served by the library.

Municipal Levy: Total tax income and grants in lieu of taxes from the municipality or municipalities which established the library.

Levy Per Capita: Total municipal support divided by the total population served by the library.

Other: Total funds received from all other sources such as lost books, non-resident memberships, donations, etc. Surplus funds, from whatever sources, are not listed here.

Total: Total of Provincial, Municipal and Other income.

EXPENDITURE:

Personnel: Total amount spent for wages, salaries and fringe benefits for library staff.

Materials: Total amount spent on the purchase of books, periodicals, newspapers, audio-visual materials, microforms and other library materials.

Other: Total amount spent on all other items with the exception of furniture and furnishings.

Furniture/Furnishings: Total amount spent on furniture and equipment out of current revenue. Expenditures associated with the erection of new buildings or renovations are not listed in this category.

Total: Total of Personnel, Materials, Other and Furniture/Furnishings.

Expenditure Per Capita: Total current expenditure divided by the total population served by the library.

Address: Mailing address of central branch of each regional or municipal library.
